Subject: Participation of Climate Science Olympiad (Virtual) 2022.

Dear Sir,

Greetings from Nature Conservation Management (NACOM)! I would like to take this opportunity to inform you on the Climate Science Olympiad 2022. I am writing this letter to invite your renowned educational institute to take part in the Climate Science Olympiad (Virtual), which has been organized by ClimateScience since 2021. ClimateScience is a UK-based global charity, led by hundreds of driven volunteers from 30 countries.

NACOM and ClimateScience are working together to invite young minds from Bangladesh to take part in the Climate Science Olympiad. The Climate Science Olympiad 2022 is open for free to age groups 12-16 years, 17-20 years, and 21-25 years old. They can either participate alone or in a team of two. Also participants must be comfortable with at least one of the following 12 languages, English, Spanish, French, Portuguese, Japanese, Chinese, Russian, Italian, German, Polish, Dutch, Romanian. Registration for the Climate Science Olympiad 2022 closes on 10th August 2022, and students can register by visiting <https://climatescience.org/olympiad>.

The Climate Science Olympiad is a fully online based competition, so, the participating students need to have access to a digital device (such as, tablet, computer or laptop) and a stable internet connection. The competition will be conducted in the following four stages, namely, the Qualifiers, the Quarter-Finals, the Semi-Finals and the Final.

The top 500, 100, and top 10 participants will get a digital Bronze, Silver and Gold medal, respectively. In addition, Climate Science will provide a total \$15,000 of prize money to the top 10 teams, to be distributed as follows:

- 1st position will win \$5,000
- 2nd position will win \$3,000
- 3rd position will win \$2,000
- 4th to 6th positions will win \$1,000
- 7th to 10th positions will win \$500

In 2021, the top 3 participants got a speaking slot at the United Nations Climate Summit. Climate Science is hoping to give the top participants such opportunity in 2022 as well.

The Climate Science Olympiad is just not a competition; it is also an opportunity to expose our young minds to the latest research and relevant reports from the climate space. It is important for all the participants to be well educated about various climate solutions, Climate Science provides a variety of preparation resources, courses, quiz app, activities, videos etc. Climate Science also hosts interactive
